COVID-19 UPDATE

11 March, 2021

Dear Members,

I hope that this message finds you and your families in good health and spirits.

I would like to inform you that we have been notified this morning by two members who were tested positive for COVID-19.

Whilst we are currently investigating as to what areas of the club might be affected, management in concert with the General Committee has decided to immediately close the club's operation to ensure the health and safety of all of our members and staff.

Therefore, the club will close this afternoon, March 11, 2021 at 4:00pm and undergo an extensive and thorough deep-cleaning and fogging exercise by a trusted and reputable third-party cleaning and hygiene expert company. In addition to that, frontline staff and team members of affected areas will be undergoing a Covid-19 test within today or tomorrow.

We plan to open the club again on Sunday morning, March 14 as per our usual opening hours. I regret the inconvenience this may cause you and your families but in the interest of health and safety, we felt that a complete closure would be the appropriate measure to take, in order to keeping everyone safe.

As soon as we have established an accurate timeline of their whereabouts at the club, we shall send a further update to inform you of the members' timeline 14 days prior to their positive COVID-19 diagnosis.

I wish you and your loved ones all the very best and the team and I already look forward to welcoming you back to the LRC this Sunday morning.

Best regards,

Kurt Walter
General Manager
