Our check-in procedure has proven to be a useful tool in such situations and has allowed us to trace an accurate timeline and to react in a speedy manner. Whilst our 3-step check-in procedure might be perceived as an inconvenience, I cannot stress the importance of following this policy strictly, even if you only visit the club for a very short period of time. Club access will be denied if any of these steps are neglected, which includes not producing your membership card upon entry. Our reception team and membership office will gladly assist you to apply for a membership card in the event that you have lost or damaged your card. We all have a responsibility to keep each other and our community safe and hence your understanding and discipline would be greatly appreciated. Not adhering to our 3-step check-in process carries a penalty of HKD 2,000 as previously announced on November 24, 2020.

As we are in the process of deep-cleaning and fogging the entire club, I would like to thank you all for your support throughout these challenging times and your compliance with our COVID-19 policies is much appreciated. Whilst these are difficult times for everyone, the LRC TEAM continuously learns, trains and gets better in dealing with such circumstances and I cannot thank our department heads and their crews enough for their flexibility and hard work in having compiled a very thorough "COVID-19 SOP", which was established in 2020 and which guides us through this pandemic in a professional and very thorough manner.

Lastly, as per the most recent government announcement, I would like to inform you that masks have to be worn at the gym with immediate effect when working out.

We look forward to welcoming you back to the Club on Sunday morning as usual and should you have any question with regards to the above, please do not hesitate to contact me via the LRC switchboard at 3199-3500 or gm@lrc.com.hk

Best regards,

Kurt Walter
