COVID-19 UPDATE

5 January, 2022

Dear Members,

I hope this e-mail finds you all well and healthy!

Unfortunately, it looks like we are starting 2022 a bit like 2021 and it must seem like “deja vu”. We have just been informed by the government that due to the recent spikes in Covid-19 cases in Hong Kong, drastic measures will have to be implemented. In accordance with the announcement by our Chief Executive this afternoon, we will have to comply with the following regulations starting at 00:00am, 7 January, 2022:

1. Catering premises, no dine-in services between 6pm–4:49am.
2. Reduced table formats (Zone C max. 4 persons/table, Zone D max. 6 persons/table)
3. Majority of Sports & Recreation facilities, incl. Fitness Centre, Swimming Pools and Spa to be closed.

The above restrictions will likely stay in force for a minimum period of 14 days. We are awaiting further details from the government and a detailed chart of operation hours for all facilities will be sent to all members in the course of tomorrow.

Stay safe and with best regards.

Kurt Walter

General Manager
