## **COVID-19 UPDATE**

23 February, 2022

Dear Members,

Similar to 2021, Hong Kong and the hospitality industry have gone through enormous challenges in this first quarter of the year. I would like to take this opportunity to thank you for your continuous support and understanding as we are navigating through this pandemic.

I would like to report to you that the Club and our team is in good spirits and is working hard to keeping members and guests as safe as possible whilst upgrading our facilities at the same time. Lockdowns and restrictions on operating hours are opportunities for us to renovate parts of the LRC and plan events for when we are allowed to operate normally again. Therefore, I would like to give you an update on what your LRC team is currently busy with.

### **COVID-19 UPDATE**

With the ongoing and ever-changing Covid-19 situation, I would like to remind you of the arrangements related to the "Vaccine Pass".

From February 24 onwards, the Vaccine Pass will be applicable to (1) all catering business premises; and (2) scheduled premises specified in the Direction under the Prevention and Control of Disease (Requirements and Directions) (Business and Premises) Regulation (Cap. 599F).

The first stage will be implemented from February 24 to April 29. Persons aged 12 or above are required to receive at least one dose of COVID-19 vaccine in order to use the Vaccine Pass to enter specified premises.

Children aged 11 or below and persons who cannot be vaccinated due to health reasons and in possession of an "Exemption Certificate" issued by a medical practitioner are exempted. With a view to standardizing and aligning arrangements, the Department of Health (DoH) has produced a template of the "Exemption Certificate" for use by doctors.

For more details and sample of the Medical Exemption Certificate, please click here:  
[Government announces implementation arrangements for Vaccine Pass](#)

[Sample Medical Exemption Certificate \(Hand-filled template\)](#)

Other existing club policies related to social distancing, LeaveHomeSafe (LHS) app, guest health self-declaration form, temperature check and face mask wearing (both indoor and outdoor) are upheld and strictly followed. Members and guests must scan the LHS venue QR code and have received the first dose of Covid-19 vaccine before entering our facilities. We also encourage all members to add their vaccination records to the LHS app for faster entry into the Club and F&B outlets.

Please click [here](#) for the 3-Step Check-in Procedure to enter the Club.

### **F&B MINIMUM SPEND**

These first three months of the year and the lengthy lockdown periods have been anything but easy for anyone. We do understand that it might have been difficult for some of you to visit the Club and after discussion with our General Committee we would like to inform you that the F&B Minimum Spend for Quarter 1 can be deferred to June 30, 2022. We hope that this will allow you a bit more time to make good use of these fees. Apart from in-house dining and take-away meals, groceries at "Gourmet 10" also count against the quarterly F&B minimum Spend requirement.

### **FAMILY CLUBHOUSE RENOVATION**

The Family Clubhouse renovation works will start in a bit over a month and we are very excited to finally be able to give this very popular food and beverage outlet a well-deserved facelift. Our FCH staff will all be reassigned within F&B and you might see some familiar faces at other club outlets throughout this refurbishment.

### **"HARRY'S"—PHASE 2 UPGRADE**

Phase 2 of "Harry's" upgrades include mainly the verandah, a new balustrade and furniture as well as new outdoor television screens. We are currently on track to finishing this part of the Club by April and look forward to seeing you all at this brand new and great looking venue.
